## PARATRANSIT SERVICE ELIGIBILITY INFORMATION

The following forms are to be used by persons wishing to apply for eligibility for Sioux Area Metro ADA Paratransit services. Individuals with disabilities that **prevent** them from boarding, riding on, or deboarding regular route accessible SAM buses **may** qualify for this service. All Sioux Area Metro regular routes have accessible bus service.

The information obtained through the certification process will only be used by staff to determine eligibility status and to provide transportation services if eligible.

#### WHO QUALIFIES:

The American Disabilities Act (ADA) set rules for certification. Under these rules, there are two basic categories of people who are eligible for paratransit services. Any person with a disability is eligible **if** (Check all that apply to you):

☑ You, as a result of your disability are unable to board, ride, or disembark from an accessible vehicle without the assistance of another person (except for the operator of a lift or other boarding device).

☑ You have a specific impairment-related condition that **prevents** you from traveling to or from **any** bus stop.

If you have checked one of the boxes above, you may qualify for SAM Paratransit services.

#### **SERVICE AREA**

Under the Americans with Disabilities Act (ADA), Sioux Area Metro is required to provide paratransit services to eligible riders with an origination point and destination point within 3/4 of a mile of a fixed-route bus route. This ADA service area is outlined in yellow and orange as shown on the map on the inside back cover of this packet. If you reside outside this area, you may still be eligible for this service, but all trips must start and end within that service area. It is your responsibility to get within the service area for SAM Paratransit service.

Sioux Area Metro provides services without regard to race, color, gender, religion, national origin, age, or disability, pursuant to local, state, and federal laws.

Any person who has questions, requests for accommodation, or who believes they have been discriminated against should contact Sioux Area Metro at 605-367-7151.

Sioux Area Metro is an Equal Opportunity Employer

#### APPLICATION INSTRUCTIONS

If you require the application form and/or other information in another format, you may request it from Sioux Area Metro. The application is available in large print, Braille, or CD.

#### ■ STEP 1

Please complete all information requested in this application. If you do not understand a question, please contact Sioux Area Metro staff by calling 367-7613. **Please answer all questions.** If there are any items not completed in the application, it may delay processing.

The application can be accessed at https://siouxareametro.info/paratransit

#### ■ STEP 2

Call 605-460-6256 to set up a time for an in-person interview. If you do not have transportation to the interview, Sioux Area Metro will provide you a trip, free of charge, on a paratransit bus provided that the pickup location is within the Sioux Area Metro Paratransit service area. Please allow up to two hours for the in-person interview.

#### ■ STEP 3

Attend the in-person interview. An occupational therapist will also attend the interview to perform mobility assessments. The functional mobility assessment is completed to determine if current physical and cognitive level would allow you to ride on a fixed-route bus in some or all cases. Therefore, this mobility assessment may include a ride on a fixed-route bus with the occupational therapist. You may have someone else come along on the fixed-route bus ride if you like.

After all the information is collected, an eligibility determination will be made within 21 days.

If you disagree with your eligibility determination, you have the right to appeal the decision. This must be done in writing and sent to:

City ADA Coordinator Human Relations P.O. Box 7402 Sioux Falls, SD 57117-7402

If you would like to request a hearing, this must be indicated in the written request. If you require special accommodations to attend the hearing, please specify your needs in the letter.

If you are a current eligible rider and are appealing a renewal determination of your eligibility, you will continue to be eligible for paratransit service under your previous eligibility determination until a decision has been made on your appeal.

If this is your first request for paratransit service and you are appealing your determination of eligibility, your public transportation will not be provided using paratransit service while a determination is being made on your appeal. However, it is required that a decision be made on the appeal within 30 days. If it is not, temporary paratransit service will be provided to you until a decision is made.

## PERSONAL CARE ATTENDANT (PCA) INFORMATION

Some of our customers require the assistance of a PCA. A PCA is someone who regularly assists the customer. When the customer travels, the PCA performs personal duties that drivers are not allowed to do. Some of these duties may include, but are not limited to:

- 1. Guiding a child or adult with an intellectual or developmental disability.
- 2. Assisting a customer diagnosed with Alzheimer's or Dementia.
- 3. Directing a customer who is unable to travel independently.
- 4. Calming a customer who tends to become upset in unexpected situations.
- 5. Preventing a customer from leaving his/her seat or opening a door when the vehicle is in motion and/or.
- Assisting a customer with managing schedule and trip commitments in order to prevent excessive missed trips and potential suspensions of SAM Paratransit service.

We strongly suggest that customers who are authorized to travel with a PCA, and who need a PCA to perform some of the duties mentioned previously, always travel with a PCA on Paratransit trips. The customer's SAM Paratransit ID will note "YES" next to Personal Care Attendant. Please tell a reservationist when a PCA will be traveling with you. **Remember:** SAM Paratransit does not have staff to monitor or supervise its customers.

A SAM Paratransit vehicle is just like a city bus, except that it transports its customers door-to-door. If you think it's unsafe to let your family member or the individual you assist travel alone on a fixed-route bus, you should not let her/him travel alone on a SAM Paratransit bus.
